EchoLUTION Tissue RNA Kit

Your solution to high-quality RNA with
no phenol/chloroform

Only \$185

Code: BIOE011-015-010
(10-prep kit)

For rapid and efficient RNA extraction from
mammalian tissue samples.

In a single step after sample homogenization and
ultra-fast lysis RNA extraction can be completed
within 35 minutes in a 96-well plate format.

Request and test the 10-prep kit to start leaving
the use of phenol/chloroform behind.

Prices and discounts may be subject to change and only available while stocks last. Not valid with any other special offer or discounts and cannot be applied in retrospect. All prices in local currency excluding GST and local delivery charges. Products advertised may be for research use only (RUO) or in vitro diagnostic use (IVD). Please refer to manufacturer's product insert for further information. For product use outside of that specified on the manufacturer's labelling and/or instructions for use, Bio-Strategy does not take responsibility.
