Reduce Patient Identification Errors

Avoid the issues endemic to hand-labeled slides with the Epredia SlideMate AS on-demand slide printer. Its single-piece workflow prints high-quality, chemically resistant text, numbers and barcodes directly onto slides with excellent readability and consistency.

Enhance Lean Workflow

With a compact footprint engineered to fit comfortably next to a microtome, integrated color touch screen, intuitive interface, and easily adjustable print optimization settings for different slide types, the SlideMate AS is smartly designed to enhance efficiency in your lab.

Connect Easily

SlideMate AS printers can be configured quickly for reliable connections to other computers or a Laboratory Information System with Ethernet, USB-A, USB-B capabilities as well as Gateway Software.
